Data Flow Diagram

Create a Data Flow Diagram (DFD) to show how data moves through the AI StudyBuddy API between the student/user, authentication process, material management, AI processing, database, and generated learning resources.

DFD Symbol Legend

Symbol	Name	Description
Oval / Rounded Rectangle	External Entity	A person, organization, or system outside the project that sends or receives data.
Rectangle with numbered header	Process	An activity that transforms incoming data into outgoing data.
Rectangle (solid fill, no number)	Data Store	A place where data is held for later use.
Labeled arrow	Data Flow	The movement of data between entities, processes, and data stores, labeled with what data is being passed.

The diagram below illustrates how the symbols above come together to form a complete data flow diagram.
